

## Single Stage Oil Less

### CSD Series

CSD 5/08

Single Stage Oil Less CSD-5 and CSD-9 are the newest products of Schulz's oilless line. Besides the basic features of this family, such as efficiency and air quality, these "rocking piston" air ends provide the lowest noise level of their category.

CSD 9/08

### MSV Series

MSV 6/08

MSV 12/30

#### ACOUSTIC CABINET

- Modern design accompanies decor office.
- Internally noise absorbent padding for low noise level 61 dB(A).
- Exhaust fan removes heat generated by compressor light indicator shows when equipment is on.
- Use with MSV 6/08 only.

# Two Stage Oil Less

## Compressors that have what you need.

- Low noise level
- Oilless pump
- Easy care
- Powder coated internal and external painting
- Versatility in models
- Tanks with international safety rules
- Strong and durable
- Resistant materials
- Anti bacterial control painting
- Safety and electrical protection
- Direct air options or belt driven
- Practical and light
